Description

Tè Bianco e Verde Aromatizzato "Terra di Tifeo" – Un viaggio tra antistress e vitalità, ispirato a Casamicciola.

Flavored White and Green Tea "Land of Typhoeus" – A journey between anti-stress and vitality, inspired by Casamicciola. Explore the harmonious fusion of this white and green tea inspired by the vibrant Casamicciola. White tea, known for its anti-stress and antioxidant properties, combines with pieces of fig, evoking the landscape of Casamicciola, the greenest part of the island with chestnut forests beneath Mount Epomeo's peak and green hills facing an intense blue sea.

This part of the island of Ischia is green even underwater, with its extensive Posidonia meadow creating true underwater forests.

The blend is enriched with white tea, obtained from the buds and early leaves of *Camellia sinensis*, appreciated for its smoothness and slightly sweet taste.

If you're looking for a tea with a balanced sip between anti-stress and energy, then Land of Typhoeus is the one for you.
