### Description

It brings sebum-like active ingredients and plays a precious soothing action, giving the face a pleasant sensation of sweetness and freshness. Contains Jojoba Oil and Shea Butter that provide essential fatty acids, essential for skin balance and play an emollient, elasticizing and protective action. The excipient, derived from purified coconut oil, is an excellent superficial moisturizing factor and makes the cream rich and velvety perfectly tolerated even by delicate skin.

How to use: apply to the face and neck every evening, after the cleansing and use of the tonic, massaging gently until completely absorbed. Night after night, it nourishes dry skin, without greasing it, and gives it an immediate sense of well-being and extraordinary vitality and softness that lasts over time.
