### Description

The Omiline Glycolic Acid Tonic, a substance belonging to the family of Alpha-Hydroxy acids (AHA's fruit acids), is suitable for a deep cleansing of the face. It is used for all skin types, especially those that are impure, senescent and dry. It does not require seasonal restriction. Contains a low percentage of Adico Glycolico which is essential during salon treatments. Daily use together with Ischia Beauty cosmetics based on Thermal Water from the island of Ischia greatly improves the skin. The skin will be soft and toned.

**How to use:** it is recommended morning and evening, after cleansing the face with the Cleansing Milk, apply the Glycolic Acid Tonic Omiline with a cotton swab, gently tapping on the face, neck and décolleté. Then apply the day cream or night cream.
