**Description**

Particularly recommended for mature skin whose vitality needs to be stimulated and the aging process slowed down. It is also excellent for impure / combination skin. It performs a deep nourishing, moisturizing and energizing action on the skin, restoring its natural balance to the epidermis. The cream effectively counteracts the harmful action of the elements responsible for skin aging and prevents makeup from penetrating the pores with the result that it appears brighter and more durable.

**How to use:** apply on the face and neck every evening, after cleansing with cleansing milk and the use of tonic, massaging gently until completely absorbed.
