ManufacturerIschia Le Terme della Bellezza

Description

It protects the face skin from daily attacks of smog and other atmospheric agents. It has soothing, moisturising and elasticising proprieties as a result of the presence of **wheat-germ oil, sweet almond oil, sea collagen, camomile and vitamin E** in its composition, mixed with the undisputed properties of the **mineral salts** contained in **thermal water**. It softens the skin tissue while moisturising, toning and returning turgidity and elasticity to it. Indispensable as a base for your make-up.

Units in box: bottiglia
