Description

Particularly recommended for mature skins that need to be stimulated and slow down the aging process. It is also excellent for impure / mixed skin. It has a deep nourishing, moisturizing and energizing action on the skin, restoring its natural balance to the epidermis. Innovative is the formulation of Lipoic Acid, considered the most powerful anti-radical and antioxidant found in nature, with natural ingredients, such as: Almond Oil, Rosehip Oil, Aloe extract, the Dipalmitoyl Hydroxypolina and stretching formula Rosehip. Thanks to Vitamins A, E and C the surface micro wrinkles are visibly reduced. The cream effectively counteracts the harmful action of the elements responsible for skin aging and prevents the make-up from entering the pores with the result that it appears brighter and more durable.

How to use: after cleansing the skin with Milk and Tonic or Shower Gel & Shampoo, apply a thin layer of cream on the face and neck until absorbed.
