### Description

They allow a comfortable and versatile use: its balanced ionic composition allows it to be used on all skin types and in any situation. As a refreshing, in the hot season, it tones and quenches the skin; as a soothing and rebalancing it can be used after shaving; as a makeup stabilizer it can be sprayed on the face before going out; as a light and quickly absorbed moisturizer on irritated skin. Finally, as a complement to daily face and neck care, it is a good adjuvant for Anti-Age creams sprayed after cleansing and before masks or creams.

How to use: spray evenly and let it absorb.
