ManufacturerIschia Le Terme della Bellezza

Description

Rich in minerals, **horse chestnut** and **fucus vesciculosus** (marine oak), it has a particularly effective action against cellulite. It develops

oxygen at the level of the cellulite nodules, promoting their dissolution. It must be applied on the affected areas, spreading a uniform layer, in about 10/15 minutes the mud dries and develops its anti-cellulite action. Once eliminated, it is advisable to perform an immediate massage with a thermal water massage cream, to complete and make the treatment more effective.
