Description

It is able to recreate on the surface the ideal environment for a quicker and quieter application of other cosmetic products and is also an ideal base for a perfect make up. Rich in moisturizing substances reduces the excessive surface oiliness and brings complexion to a healthy and natural color.

Application

Morning and evening, after cleaning and Tonic Water, apply a thin layer of cream on face and neck, avoiding eye region, and gently massaging until full absorption. Continue with the usual Ischia Thermae treatment cream.
