Description

Ischia Thermae has developed this unique and extraordinarily effective formulation with a combination of mineral mud rich in thermal water, Ischia thermal water and specific phyto-extracts aimed at preventing cellulite, for an effective attack against the cellulite cycle.
Helping to remove impurities and superficial dead cells, Thermal Mud Treatment Cellulite * supports the natural process of skin exfoliation and cell renewal and helps improve skin receptivity to subsequent treatments.
It has an extraordinary energizing and stimulating effect on the natural functions of the skin and helps to restore an optimal hydrolipid balance of the epidermal tissues. Rich in moisturizing and firming substances, it allows the skin to remain elastic and compact and to appear soft, smooth and more regular on the surface

* Cosmetics against cellulite blemishes

APPLICATION
In the morning, three times a week on alternate days, spread the Thermal Mud on the cleansed and dry skin of the affected areas.
Leave on for 15/20 minutes. For a more intensive and effective treatment, apply the product covering it with a transparent film and a wool blanket. Rinse with plenty of hot water. Continue with the application of Ischia Thermae Thermal Cellulite Massage Cream.
