ManufacturerIschia Le Terme della Bellezza

Description

It develops a skin-nutrient toning action. If used daily, it deeply cleans even the most sensitive skin, moisturising it and making it smooth and velvety. A natural remedy against skin dryness caused by cleansing with common soap and by chlorine and calcareous tap water. Moreover, it is recommended for the most delicate body parts such as breast, throat, gluteus, thighs as well as for the skin of children and elderly people.
