Description

Regenerates the skin by counteracting premature aging. It plays a protective, moisturizing and nourishing action, significantly reduces the depth of wrinkles, stimulating cell renewal, thanks to the presence of retinol, collagen and avocado oil, mixed with the mineral salts contained in the thermal water of the island. Ischia. It can be defined as a complete, protective, regenerating and anti-wrinkle cream. It is suitable for all skin types, especially those that are more tired, attacked by time, stress and atmospheric agents. Leave the skin smooth and toned, giving it firmness and splendor. Apply consistently every day for a quick and visible result, also excellent as a base for makeup.
