Description

Anti-cellulitis cream with thermic effect - jar of 250ml

Its effectiveness is enhanced by a warming effect that stimulates microcirculation, intensifying the activity of specific natural active substances to fight cellulite, such as green tea, ivy, fucus vesiculosus (sea oak), horse chestnut and rusco. Leaves the skin leaving it toned and hydrated. The product can cause redness of the treated parts, which resolves in a few minutes depending on the type of skin. Apply gently.
