Description

CHARACTERISTICS Based on:

> **BIOLOGICAL EXTRACT OF WHITE GRAPES:** counteracts skin aging thanks to its antioxidant properties, grapes also have an astringent and revitalizing action, able to reduce the appearance of dilated pores and refine the skin texture. > **GLYCERIN:** represents the most widely used humectant in the cosmetic field and is well tolerated by the skin. It has an excellent moisturizing and plasticizing activity on the epidermis.

> **ALMOND OIL:** rich in unsaturated and polyunsaturated fatty acids, it has an emollient and nourishing action, ideal for treating the driest skin, preventing wrinkles and skin aging. Elasticizing, it helps improve skin tone. It also has soothing and softening properties.

> **GUARANA EXTRACT ':** a spontaneous climbing vine from the southern Amazon forest, it contains caffeine and therefore has important stimulating, toning and anti-wrinkle properties.

> **EXTRACT OF IMPERATA CYLINDRICA:** plant that has the peculiarity of being able to survive in areas rich in salt and in the desert, contains potassium and 3-dimethylsulfopropionate which are responsible for the important moisturizing capacity, capable of hydrating the epidermis for 24 hours creating a water flow.
